## Every Thursday (17 June - 30 September 2021)

This high-elevation hike travels above Sölden along incredibly green pasturelands and high Alpine cirques to unrivaled Lake Peerler See. Take a glimpse of mighty Wildspitze peak, Brunnenkogelhaus or Hochstubai Hütte and you will soon recognize that this a "superlative" hike when it comes to panoramic views. Similar to the highly researched Schwarzsee lake, Peerler See is a natural book of history. Sediments on the lake ground provide us with interesting climatic facts dating back some 10,000 years. A real high Alpine gem with glorious mountains to fall in love with.
