## Every Wednesday (5 June - 2 October 2024)

Every mountain lake is special and has its own character, own colour and shape. The beautiful 4 Lakes Hike high above Längenfeld starts above the treeline with the snow-topped glacier peaks of Stubaital valley as a lovely backdrop. You should really focus on nature's small and mighty treasures - in and around the emerald green mountain lakes there is a lot to discover. With a bit of luck you can also watch a golden eagle soaring high above Geigenkamm ridge. During a short Kneipp break you restore your energies for the remaining stage. A wonderful hiking tour for body, mind and soul.
